

Vinci Partners Announces Approval for Anchor Investment from BNDES up to R\$1 Billion in Private Market Funds Across Infrastructure and Credit Strategies

June 14, 2022

RIO DE JANEIRO, Brazil, June 14, 2022 (GLOBE NEWSWIRE) -- Vinci Partners Investments Ltd. (NASDAQ: VINP) ("Vinci Partners", "the Company", "we", "us" or "our"), the controlling company of a leading alternative investment platform in Brazil, announced today that Banco Nacional de Desenvolvimento Econômico e Social ("BNDES") has selected Vinci Climate Change FIP Multiestratégia ("Vinci Climate Change" or "VICC") and Fundo Vinci FI-Infra RF ("Vinci Credit Infra") for seed investments up to R\$500 million in each fund, configuring up to R\$1 billion in capital commitments for the Company, subject to due diligence process by BNDES.

Vinci Climate Change and Vinci Credit Infra funds are a part of the Company's target fundraising pipeline of R\$10 billion in private market funds over the next twelve to eighteen months.

VICC is a new vintage in our Infrastructure segment, a pioneer strategy in Latin America dedicated to renewables generation, water & sewage, and innovative green technologies, meeting various international climate change objectives measured by its proprietary framework, seeking compelling risk adjusted returns.

Vinci Credit Infra is a new vintage within our Credit segment, that aims to invest in incentivized infrastructure debentures, focusing on high-grade credit assets in accordance with superior ESG guidelines, such as renewables generation, water & sewage, public transportation, and others.

José Guilherme Souza, partner, and Head of Infrastructure for Vinci Partners, said, "This fundraising represents a milestone for our Infrastructure segment, enabling our first vintage for the climate change strategy, making VICC the first pure play climate infrastructure fund from Latin America. BNDES investment reassures the currently shift we are seeing towards climate products, an important global concern that we are able to make a difference through an extensive pipeline of high-quality assets."

Marcello Almeida, partner, and Head of Credit for Vinci Partners, said, "We are very pleased to be selected by BNDES in such a competitive and high-quality process. This represents a key initiative as attracts asset managers with extensive track record in Credit and Infrastructure, and the ability to raise capital alongside institutional players. We congratulate this initiative from BNDES as it states the importance of the infrastructure agenda in Brazil."

Alessandro Horta, partner, and CEO for Vinci Partners, said, "We are thrilled with the outcome of this selective process from BNDES, as it adds additional long-term and high-quality capital to our platform and reinforces our previously mentioned R\$10 billion target fundraising for the 12-18 months within our Private Markets' close-end funds."
